Subject: Completion of Accessibility Project

Although I am out of town and regretfully not able to attend the open house and ribbon cutting ceremony in recognition of the completion of the accessibility project at Claremont Legion Branch #483, I did want to take the opportunity to send congratulations.

I previously had a tour of the new accessible improvements with you both. The community is justifiably proud of the efforts of the team, from beginning to completion, to make the legion accessible.

I am certain it was not easy to coordinate this project and was impressed how the community came together to ensure its completion. I was pleased that the City of Pickering, through the initiative and support of Councillor Butt and I, was able to contribute two grants to this important project.

On a personal note, I am proud to have also contributed and to have my name on a leaf on the donation tree in the entrance.

Once again, congratulations!

Yours truly

A handwritten signature in black ink, appearing to read 'D Pickles'.
