

## *Road Reconstruction on Brock Road and Rossland Road in the City of Pickering*

# **STAGED ROAD CLOSURES AND LANE RESTRICTIONS**

**WORKS DEPARTMENT**

**PUBLIC NOTICE**

The Regional Municipality of Durham has awarded the contract for the reconstruction of Brock Road (Regional Road 1), from south of Rossland Road to the Canadian Pacific Railway underpass, and Rossland Road from Bunting Court to Clearside Court, in the City of Pickering. Work will start June 29 and is expected to be complete by December 2017. Work will include full road reconstruction; intersection improvements; watermain; sanitary sewer and storm sewer work; a new multi-use bike path and construction of a storm water management pond.

### **LANE RESTRICTIONS/ROAD CLOSURES**

#### **Rossland Road Closures: Starting July 13**

**Stage One** – The first road closure will be on Rossland Road from Southcott Road to Bunting Court. The closure will start July 13 and will be in effect for approximately one month. Unfavourable weather conditions may influence the work schedule.

**Stage Two** – The second road closure will be on Rossland Road from Southcott Road to Brock Road and will be in effect from the middle of August to the end of July 2016. Unfavourable weather conditions may influence the work schedule.

#### **Brock Road Lane Restrictions and Closures**

Lane restrictions will be in effect on Brock Road throughout the project and there will be numerous weekend road closures from 5 a.m. Saturday morning to 5 p.m. Sunday night to construct sewer and watermain crossings. These closures on Brock Road will be communicated to the public as the construction progresses and dates are confirmed.

The Region realizes that the work will be disruptive and will make every effort to complete the work as quickly as possible. Motorists are reminded to take additional precautions while travelling through the construction area and along the posted detour routes. Access will be maintained for emergency services and local residents whenever possible within the limits of the closure, but delays should be expected. Waste collection and bus routes will continue during the road closure but will be temporarily modified.
