

# WHAT'S YOUR VISION FOR THE PICKERING NUCLEAR SITE?

Since 1971, Pickering Nuclear has proudly served the community and the people of Ontario. Having accomplished many safety and operational achievements since the first unit went into service, once the station ceases operation in 2020, we want the future to build on our proud past.

Decommissioning the site will take decades. To make the best use of the site during and after decommissioning, OPG has initiated the Repurposing Pickering Project. And...

We want to hear from you. We want you to tell us your vision for the Pickering Nuclear site. To participate, you can:

- 1 Visit our website at [opg.com/repurposingpickering](http://opg.com/repurposingpickering)
- 2 Come see us at our pop-up booth at one of our three locations

**PICKERING TOWN  
CENTRE MALL**  
SATURDAY, APRIL 18
